

We envision a future where furniture waste is eliminated, repair skills are fostered for generations, and vulnerable households have access to quality furniture

# Furniture Repair Bank pillars

## Sustainability

Implementing circular economy practices to reduce climate impacts by saving furniture from the landfill through repair and redesign.

## Community

Empowering and building community resilience by sharing and teaching repair skills and providing an outlet for compassion and creativity.

## Equity

Gifting dignity and comfort through refurbished furniture to the most vulnerable individuals who are in need or starting their lives over.

# Furniture Collection

We collect **worn and damaged furniture** from public and partners like junk haulers.

We focus on basic items that **cannot be donated to other organizations** and are generally suitable **for smaller spaces.**

# Repair & Redesign

We are building a community of mighty, courageous, and empathic individuals:

- We revive discarded items by **repairing, refurbishing, and redesigning** to like-new condition.
- No skills required to join us! We **help build restoration skills**.
- We specialize in one-off events and help companies and **groups meet their volunteer goals**.

# Equitable access

We work with resettlement agencies, shelters, and other orgs that **help** families and individuals **build new lives**.

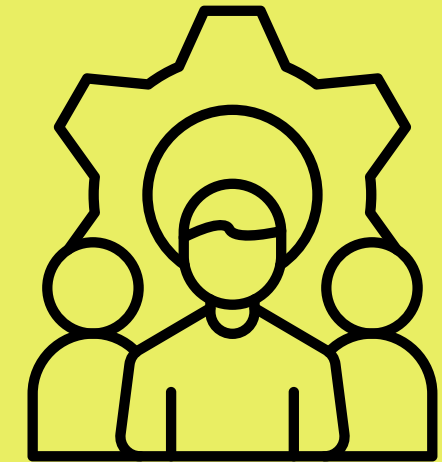

We support **refugee** families, individuals getting out of **homelessness**, women fleeing **domestic violence**, and other people in need of timely help.
